M/V GRANDE ABIDJAN (Italian Registered Ro-Ro/Container Ship, Built 2015) 18 January 2024: New York SHP Matthew Haley reported that there was no watch officer at the pilot ladder while boarding. A Pilot Boarding Deficiency Report was submitted for this ship for the same issue on 7 November 2023.

M/V SAKURA BELLE (Panamanian Registered Tanker, Built 2011) 13 February 2024: New York SHP Matthew Haley reported an improperly secured pilot ladder and damage to the ladder when the pilot boat pinched the bottom step.

12. REPORT(S) OF MARINE ACCIDENTS/INCIDENTS UNDER INVESTIGATION:

12a. M/V ANTWERP EAGLE (Marshall Islands Registered Bulk Carrier, Built 2015): 5 April 2024. While approaching New Haven Anchorage, under the conn of LIS/BIS pilot Captain Christine Razukas, the vessel did not respond to astern engine orders. Captain Razukas was able to safely dock the vessel and the incident was reported to the Coast Guard Sector Long Island Sound. Continued on the docket.

12b. M/V MSC ALDEBARAN (Liberian Registered Containership, Built 2008): 4 April 2024. After undocking from Port Newark Berth 57 and approximately 100 feet off of the pier, the MSC ALDEBARAN failed to respond to a dead slow astern bell. Docking Pilot Captain Richard Wood was able to return the vessel to Berth 57 with the assistance of a tug. SHPA Pilot Captain Thomas Sullivan was on board but had not yet assumed the conn. The Coast Guard was notified. Continued on the docket.

12c. M/V APL QINGDAO (Maltese Registered Containership, Built 2012): 5 April 2024. While outbound in the Kill Van Kull 45 minutes after getting underway the M/V APL QINGDAO experienced an engine room alarm. The Captain advised Docking Pilot Christopher Baker, who was at the conn, that the engine would have to be shut down to clear the alarm. Captain Baker called for tug boat assistance and the alarm was cleared and propulsion restored. With the assistance of tugboats the vessel proceeded to Stapleton Anchorage when there was another engine room alarm and loss of propulsion. The vessel was safely anchored. SHPA Pilot Captain William Wood was on board but had not yet assumed the conn. Continued on the docket.

12d. M/V GRANDE SIERRA LEONE (Italian Registered Ro-Ro/Container Carrier, Built 2011): 29 March 2024) The M/V GRANDE SIERRA LEONE lost propulsion while departing Port Newark Pier 25, while under the conn of docking pilot Captain Russel Henschmen. SHPA Pilot Captain Stem was on board but had not yet assumed the conn. Propulsion was restored and the vessel proceeded to anchor awaiting a Coast Guard inspection. The vessel was subsequently cleared to sail. Continued on the docket.

12e. M/V SANTANDER (Panamanian Registered Bulk Carrier, Built 2022) 16 March 2024. At Port Newark Beth 16, while docking while under the command of Metro Docking Pilot Captain Douglas Matson, the M/V SANTANDER bow came into contact with the stern mooring lines of the docked vessel STOLT CONFIDENCE. No damage was reported by the STOLT CONFIDENCE. Deputy Sandy Hook Pilot Gregory Stem had turned the conn over to Captain Matson prior to the incident. The Coast Guard was notified by Captain Matson. Drug and alcohol tests administered to Captain Stem were negative. No violation of the New York Navigation Law or the New York Codes, Rules, and Regulations. No pollution or personal injury. The Board voted to close the case.

12f. M/V PORTO LEONE (Panamanian Registered Bulk Carrier, Built 2014): 10 September 2023. While under the conn of FBHRP Samuel Zapadinsky southbound in the Hudson River off of the Tri-City Yacht Club, the M/V PORTO LEONE received a call from the yacht club claiming that a wake hit their dock. The ship's Captain, chief mate, and Captain Zapadinsky investigated by observing the docks from the bridge wing of the vessel and saw no damage. The Board is continuing to review the incident. Continued on the docket.

12g. M/V EAGLE TURIN (Singapore Registered Tanker, Built 2008): 5 August 2020. This incident involves the tragic fatality of FBSHP Timothy Murray resulting from a fall off a pilot ladder and

onto the Pilot Launch AMERICA while boarding the M/V EAGLE TURIN at approximately 2230 upon its arrival at Ambrose Pilot Station. The P/L AMERICA then immediately proceeded back to the Pilot Boat NEW JERSEY (a three-minute transit) to pick up medical supplies, a stokes litter, and crew with paramedic training before departing for Staten Island. The U.S. Coast Guard, New York City Fire Department, and New York City Police Department were all notified. Crew personnel administered CPR and used the AED unit while proceeding to Staten Island. New York City Police Department Personnel were waiting at the Sandy Hook Pilot Base where Captain Murray was transferred to an ambulance and taken to Staten Island University Hospital.

After the incident, the EAGLE TURIN proceeded to anchor at the direction of the U.S. Coast Guard. On the morning of 6 August 2020, FBSHP Kevin Walsh piloted the vessel to Stapleton Anchorage where a further investigation ensued with the U.S. Coast Guard, SHPA, and Executive Director Garger. The Board was designated as a Party in Interest by the U.S. Coast Guard. At the 10 January 2023 meeting, the Board was updated on the status of ongoing litigation against the vessel owner arising out of the incident. At the 17 January 2023 meeting, the Board reviewed the Third-Party Complaint filed by the vessel owner against the SHPA. At the 21 March 2023 meeting, the Board reviewed the SHPA's Answer to the Third-Party Complaint. At the 9 May 2023 meeting, the Board discussed the Coast Guard's Report of Investigation. At the 23 May 2023 meeting, the Board discussed the status of the litigation. At the 5 July 2023 and subsequent meetings, the Board discussed the Subpoenas served on the Board. At the 3 October 2023 meeting, the Board noted the Confidentiality Order entered by the Court. At subsequent meetings, the Board has been updated on the status of discovery. Continued on the docket.

### 13. NEW YORK PILOTAGE WATER ISSUES:

13a. The Board has previously reviewed cruise ship pier allisions in the Port of New York/New Jersey and elsewhere. The Board has also reviewed 46 U.S.C. Section 8501 regarding the coordination of federal and state law requirements with respect to pilotage of cruise ships when the master docks the vessel and has noted incidents in Alaska where cruise ships were docked by the ship's master with a compulsory state pilot aboard. In light of the foregoing, the Board recommended that the SHPA work with cruise lines calling at the Port of New York to develop a joint training program that would improve communications between state licensed pilots and cruise ship masters. At the 28 March 2023 meeting, the Board discussed cruise ship dockings with NYSHPA President Captain James Mahlmann. Continued on the docket.

13b. The Board has previously advised the Army Corps of Engineers New York District (ACOE) of its concerns with the lack of visibility of large, unlit mooring buoys, especially during periods of darkness, located within certain designated federal anchorages in New York Harbor. Continued on the docket.

14. In view of several ship pilot ladder boarding accidents involving both New York and New Jersey State Pilots in the Port of New York, the Board of Commissioners formed a special Pilot Transfer Subcommittee. The Subcommittee consists of the Board President (Mercante), Executive Director (Garger), and members of the Board (Ahlstrom and Rowland). At the 22 February 2022 meeting, the Board reviewed the revised International Chamber of Shipping Industry Guidance on Pilot Transfer Arrangements. The New Jersey Maritime Pilot and Docking Commission also formed a Pilot Safety Committee to evaluate pilot transfer arrangements and issued its report on 6 November 2020. The minutes of the 21 December 2021 Board Meeting are incorporated herein by reference. At the 15 November 2022 meeting, the Board was advised that the IMO Safety Committee will open the SOLAS Convention for amendment with respect to pilot boarding arrangements. At the 17 January 2023 meeting, the Board reviewed the notice issued by the UK Maritime Pilots Association regarding a recent pilot fatality. At the 9 May 2023 meeting, the Board discussed the Coast Guard's Reports of Investigation for the EAGLE TURIN and the MAERSK Kensington. At the 16 May 2023 meeting, the Board discussed the article regarding the 5 May 2023 Japanese pilot fatality. At the 6 June 2023 meeting, the Board reviewed article regarding the conviction of ship operator and master after a pilot ladder fall injury in Perth Australia in August 2022. At the 20 June 2023 meeting, the Board discussed NY SHP President Captain James Mahlmann's attendance at the Maritime Pilots Institute in Covington, LA. Continued on the docket.

15. At the 4 April 2023 meeting, the Board was advised that legislation regarding New York State Commissions was signed by Governor Hochul. At the 5 September 2023 meeting the Board received an

update on the legislation by Andy Roffe of Robinson and Cole. Continued on the docket.

16. U.S. Coast Guard Sector New York Change of Command Ceremony on 22 April 2024:  
Continued on the docket.

17. The Board noted Admiral Alfultis' Retirement Ceremony scheduled for 21 May 2024.

18. At the 4 April 2023 meeting, the Board noted the proposed legislation reintroduced in the New York State Legislature (S 5424 and A 3380) that provides for the revocation of a person's driver's license after a conviction for operating a vessel while under the influence of alcohol or drugs. At the 2 April 2024 meeting, the Board was updated on the status of the legislation. Continued on the docket.

19. There being no further business to conduct, or public comment, the Board meeting was adjourned at 11:40 a.m.
