11. The New York State pilot associations utilize Pilot Boarding Deficiency Report forms when a deficiency is found. The following reports from the previous three months have been provided to and reviewed by the Board (prior reports on file):

M/V ULSAN EXPRESS (German Registered Container Ship, Built 2014) 13 October 2023: New York SHP Matthew Haley reported a non-compliant ladder. Rungs were painted in violation of SOLAS requirements.

M/V BIGLI (Liberian Registered Container Ship, Built 2005) 23 October 2023: New York SHP Matthew Haley reported that the starboard side pilot ladder leading to the side port showed signs of fatigue and had crooked steps.

M/V GRANDE ABIDJAN (Italian Registered Ro-Ro/Container Ship, Built 2015) 7 November 2023: New York SHP Andrew Glassing reported that there was no watch officer at the pilot ladder while boarding.

12. REPORT(S) OF MARINE ACCIDENTS/INCIDENTS UNDER INVESTIGATION:

12a. M/V HYUNDAI HOPE (South Korean Registered Container Vessel, Built 2014): 23 October 2023. Approximately ten minutes after getting underway from Global Marine Terminal, Bayonne, NJ, under the conn of docking pilot Captain Sheldon Davis, engine alarms sounded and the vessel was required to stop engines for approximately two minutes. After the alarms were cleared the vessel was able to proceed. NYSHP Captain Joshua Pieterse assumed the conn after the vessel cleared the MOT Channel and proceeded to Stapleton Anchorage as instructed by the U.S. Coast Guard. It was determined that the cause of the engine failure was the No. 9 M/E cylinder's hydraulic oil valve had been inadvertently left

closed after an inspection. No violation of the New York Navigation Law or the New York Codes, Rules, and Regulations. No pollution or personal injury. The Board voted to close the case.

12b. M/V PORTO LEONE (Panamanian Registered Bulk Carrier, Built 2014): 10 September 2023. While under the conn of FBHRP Semual Zapadinsky southbound in the Hudson River off of the Tri-City Yacht Club, the M/V PORTO LEONE received a call from the yacht club claiming that a wave hit their dock. The ship's Captain, chief mate, and Captain Zapadinsky investigated by observing the docks from the bridge wing of the vessel and saw no damage. At subsequent meetings, the Board has continued to review the incident. Continued on the docket.

12c. M/V EAGLE TURIN (Singapore Registered Tanker, Built 2008): 5 August 2020. This incident involves the tragic fatality of FBSHP Timothy Murray resulting from a fall off a pilot ladder and onto the Pilot Launch AMERICA while boarding the M/V EAGLE TURIN at approximately 2230 upon its arrival at Ambrose Pilot Station. The P/L AMERICA then immediately proceeded back to the Pilot Boat NEW JERSEY (a three-minute transit) to pick up medical supplies, a stokes litter, and crew with paramedic training before departing for Staten Island. The U.S. Coast Guard, New York City Fire Department, and New York City Police Department were all notified. Crew personnel administered CPR and used the AED unit while proceeding to Staten Island. New York City Police Department Personnel were waiting at the Sandy Hook Pilot Base where Captain Murray was transferred to an ambulance and taken to Staten Island University Hospital.

After the incident, the EAGLE TURIN proceeded to anchor at the direction of the U.S. Coast Guard. On the morning of 6 August 2020, FBSHP Kevin Walsh piloted the vessel to Stapleton Anchorage where a further investigation ensued with the U.S. Coast Guard, SHPA, and Executive Director Garger. The Board was designated as a Party in Interest by the U.S. Coast Guard. As part of the Board's ongoing investigation, Commissioner Ahlstrom and Executive Director Garger interviewed Captain Kevin Walsh on 17 February 2021 regarding his pilotage of the EAGLE TURIN on 6 August 2020. At the 7 December 2021 meeting, the Board discussed the meeting with the Coast Guard on 3 December 2021, attended by Commissioners Ahlstrom and Rowland and Executive Director Garger, to review the Coast Guard's factual findings. At the 10 January 2023 meeting, the Board was updated on the status of ongoing litigation against the vessel owner arising out of the incident. At the 17 January 2023 meeting, the Board reviewed the Third-Party Complaint filed by the vessel owner against the SHPA. At the 21 March 2023 meeting, the Board reviewed the SHPA's Answer to the Third-Party Complaint. At the 9 May 2023 meeting, the Board discussed the Coast Guard's Report of Investigation. At the 23 May 2023 meeting, the Board discussed the status of the litigation. At the 5 July 2023 and subsequent meetings, the Board discussed the Subpoenas served on the Board. At the 3 October 2023 meeting, the Board noted the Confidentiality Order entered by the Court. At subsequent meetings, the Board has been updated on the status of discovery. Continued on the docket.

13. NEW YORK PILOTAGE WATER ISSUES:

13a. The Board has previously reviewed cruise ship pier allisions in the Port of New York/New Jersey and elsewhere. The Board has also reviewed 46 U.S.C. Section 8501 regarding the coordination of federal and state law requirements with respect to pilotage of cruise ships when the master docks the vessel and has noted incidents in Alaska where cruise ships were docked by the ship's master with a compulsory state pilot aboard. In light of the foregoing, the Board recommended that the SHPA work with cruise lines calling at the Port of New York to develop a joint training program that would improve communications between state licensed pilots and cruise ship masters. At the 28 March 2023 meeting, the Board discussed cruise ship moorings with NYSHPA President Captain James Mahlmann. Continued on the docket.

13b. The Board has previously advised the Army Corps of Engineers New York District (ACOE) of its concerns with the lack of visibility of large, unlit mooring buoys, especially during periods of darkness, located within certain designated federal anchorages in New York Harbor. At the 12 January 2021 meeting, the Board was advised that the mooring buoy issue was not addressed in the ACOE Anchorage Study of New York and New Jersey anchorages.

14. In view of several ship pilot ladder boarding accidents involving both New York and New Jersey State Pilots in the Port of New York, the Board of Commissioners formed a special Pilot Transfer

Subcommittee. The Subcommittee consists of the Board President (Mercante), Executive Director (Garger), and members of the Board (Ahlstrom and Rowland). At the 22 February 2022 meeting, the Board reviewed the revised International Chamber of Shipping Industry Guidance on Pilot Transfer Arrangements. The New Jersey Maritime Pilot and Docking Commission also formed a Pilot Safety Committee to evaluate pilot transfer arrangements and issued its report on 6 November 2020. The minutes of the 21 December 2021 Board Meeting are incorporated herein by reference. At the 15 November 2022 meeting, the Board was advised that the IMO Safety Committee will open the SOLAS Convention for amendment with respect to pilot boarding arrangements. At the 17 January 2023 meeting, the Board reviewed the notice issued by the UK Maritime Pilots Association regarding a recent pilot fatality. At the 9 May 2023 meeting, the Board discussed the Coast Guard's Reports of Investigation for the EAGLE TURIN and the MAERSK Kensington. At the 16 May 2023 meeting, the Board discussed the article regarding the 5 May 2023 Japanese pilot fatality. At the 6 June 2023 meeting, the Board reviewed article regarding the conviction of ship operator and master after a pilot ladder fall injury in Perth Australia in August 2022. At the 20 June 2023 meeting, the Board discussed NY SHP President Captain James Mahlmann's attendance at the Maritime Pilots Institute in Covington, LA. Continued on the docket.

15. At the 15 February 2022 meeting, the Board noted the proposed legislation regarding New York State Commissions. At the 7 June 2022 meeting, the Board was advised that the legislation passed both houses of the New York State Legislature. At the 3 January 2023 meeting, the Board was advised that the legislation was returned to the NY Legislature with Governor Hochul's signing memo. At the 31 January 2023 meeting, the Board discussed the legislation. At the 4 April 2023 meeting, the Board was advised that the final version of the legislation was signed by Governor Hochul. At the 5 September 2023 meeting the Board received an update on the legislation by Andy Roffe of Robinson and Cole. At subsequent meetings, the Board has continued to discuss the legislation. Continued on the docket.

16. At the 4 April 2023 meeting, the Board noted the proposed legislation reintroduced in the New York State Legislature (S 5424 and A 3380) that provides for the revocation of a person's driver's license after a conviction for operating a vessel while under the influence of alcohol or drugs. Continued on the docket.

17. The Board reviewed third quarter budget documents.

18. At the 17 October 2023 meeting, the Board discussed office phone system emergency procedures and reviewed the emergency contacts list regarding same. Continued on the docket.

19. There being no further business to conduct, or public comment, the Board meeting was adjourned at 11:45 p.m.
